Artificial Grass Distributors

HIGHLAND

The Highland artificial grass model is designed for the most demanding customer. The combination of "MaxRecover" and "BodyShape" technologies gives you a great recovery.

In addition, thanks to the "FiberFresh" technology, it reduces its temperature to achieve a fresher lawn. It's characterized for its different fiber heights and 7 different colors, making it look the most realistic grass from any angle.

The Highland model is perfect for areas with a lot of traffic thanks to its great recovery capacity such as gardens with high traffic, commercial terraces and play areas with pets. Made for those who want the best.
